### **DETAILED ACTION**

1. The request filed on 4/23/2002 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/229,229 is acceptable and a CPA has been established.

Claims 1-4 and 28-30 were canceled.

Claims 5-27 and 31-54 are pending. Claims 5-27, 31 and 32 remain withdrawn from consideration.

New claims 33-54 are under consideration.

### ***Election/Restrictions***

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 33-50, 53 and 54, drawn to methods to identify an agent that increases or decreases the amount of double minute chromosomes or extrachromosomal DNA, classified in class 436, subclass 63.
- II. Claims 51 and 52, drawn to therapeutic agents, unclassifiable.

3. The inventions are distinct, each from the other, for the following reasons:

Invention group II is distinct from invention group I because the claims of invention group II are drawn to products and the claims of invention group I are drawn to methods. The products of invention group II are independent from the methods of invention group I because the methods of invention group I are neither a process of making nor a process of using the products of invention group II.

Art Unit: 1642

4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
